Item 2
Annual report of the Administrator

In its decision 2007/32, the Executive Board endorsed the UNDP strategic plan, 2008-2011, as amended and augmented by that decision, stressing that the strategic plan is a living document that will be reviewed by the Board on a regular basis during the plan period and requesting inclusion in the Administrator's annual report to the annual sessions 2008 and 2009 of reports on the operationalization of the strategic plan.

The present report provides the Executive Board with an update on the operationalization of the strategic plan, including 2008 performance, key challenges, and priorities for 2009 and beyond for strengthening UNDP results. It also outlines proposals for providing the Executive Board, at the annual session 2010, with a comprehensive report on performance and results and the midterm review.

The Executive Board may wish to endorse the report and its findings.

General Assembly resolution 63/232 of 19 December 2008 modified the comprehensive policy review of operational activities from a triennial to a quadrennial cycle and urged the funds and programmes to align their strategic planning cycles with the quadrennial comprehensive policy review of operational activities for development of the United Nations system, and the intention to hold the next comprehensive policy review in 2012. The Executive Board may wish to extend the UNDP strategic plan, 2008-2011, by two years, until the end of 2013, and request UNDP to prepare its next strategic plan, to start in 2014, taking into account the recommendations of the next comprehensive policy review, to be held in 2012.

In line with General Assembly resolutions 59/267 and 62/246, the UNDP report on the recommendations of the Joint Inspection Unit provides a summary of management responses

to the relevant recommendations contained in the reports issued by the Joint Inpection Unit in 2008 and draws attention to specific recommendations that are intended for use by the UNDP Executive Board. It also includes a review of the implementation status of recommendations contained in the 2006 and 2007 reports of the Joint Inspeciton Unit. The Board may wish to take note of the report.

The statistical annex contains detailed financial information on the annual stock of income and expenditures for UNDP country programme activities and for the funds and trust funds administered by UNDP.

Item 4
Evaluation

The present annual report on evaluation covers the period between March 2008 and February 2009. The report highlights corporate efforts and progress made so far, as well as continued challenges in implementing the principles and norms of the evaluation policy across the organization. It also presents key findings and lessons learned from independent evaluations conducted by the Evaluation Office and the evaluation units of the associated funds and programmes for organizational learning. The Executive Board may wish to take note of the report and adopt a decision, elements of which are contained in the report.

The Evaluation Office has been mandated by the Executive Board to undertake forward-looking evaluations of the regional cooperation frameworks (RCFs) to assess the effectiveness of the overall approach of each RCF prior to the drafting and submission of new regional programmes. The current report provides the findings and conclusions of the independent evaluation of the third RCF for the Arab States, 2006-2009. The recommendations are intended to contribute to the formulation of the next regional programme and its alignment with the UNDP strategic plan. The evaluation will be accompanied by the UNDP management response.

In accordance with Executive Board decision 2008/17 and in line with UNDP ongoing efforts to further improve its use of evaluations to deliver better development results, the Board will have before it the report on follow-up to management responses on evaluations, including decentralized evaluations. The report provides an overview of the status of implementation of key actions in management responses to both independent evaluations and mandatory outcome evaluations at the decentralized level. It also highlights areas where progress has been made and where further action is still needed. The Board may wish to take note of the report.

Item 7
United Nations Capital Development Fund

The annual report of the United Nations Capital Development Fund documents and analyses UNCDF performance against established targets in terms of programme, management and financial results. The annual report is part of UNCDF results-based management system and reflects its efforts to monitor and improve performance in its two practice areas: (a) decentralization and local development, and (b) inclusive finance. The report also includes UNCDF management and financial results for 2008.

In its decision 2008/4, the Executive Board requested UNDP and UNCDF to "report to the Executive Board at the annual session 2009 on progress made in implementing their strategic partnership". The key objectives of the UNCDF strategic partnership with UNDP

are elaborated in the UNCDF partnership framework with UNDP, programming and funding arrangements, and cost-recovery policy (document DP/2008/12). All major elements of the partnership are now being implemented. Rooted in the original complementarity of the two organizations, the UNCDF and UNDP partnership aims at greater simplicity, coherence, effectiveness and increased resource flows. Concerted efforts on the part of both organizations over the past several years have resulted in strong synergies at the strategic, programmatic and operational level. Building on a solid foundation, the partnership is now functioning smoothly and both organizations are well positioned to achieve greater development impact in the least developed countries and elsewhere.

Item 8
United Nations Development Fund for Women

The present document provides the Executive Board with an update on the first year of implementation of the strategic plan, 2008-2011, of the United Nations Development Fund for Women (UNIFEM) as approved in Executive Board decision 2007/35 and in line with decision 2004/20. The report tracks progress according to the strategic priorities and results outlined in the UNIFEM development results framework, management results framework and integrated resources framework. The report highlights UNIFEM efforts to fulfill its dual mandate of (a) supporting countries to advance gender equality in line with national priorities, and (b) supporting stronger action on gender equality across the United Nations development cooperation system. The annex to the report tallies progress made on outcomes of the development results framework, by region.

General Assembly resolution 63/232 of 19 December 2008 modified the comprehensive policy review of operational activities from a triennial to a quadrennial cycle and urged the funds and programmes to align their strategic planning cycles with the quadrennial comprehensive policy review of operational activities for development of the United Nations system, and the intention to hold the next comprehensive policy review in 2012. As such, and in order to remain aligned with the planning cycles of UNDP and UNFPA, the Executive Board may wish to extend the UNIFEM strategic plan, 2008-2011 by two years, until the end of 2013, and request UNIFEM to prepare its next strategic plan, to start in 2014, taking into account the recommendations of the next comprehensive policy review, to be held in 2012. Furthermore, and in line with the above, the Board may wish to postpone the midterm review of the strategic plan from the second regular session 2009 (as per decision 2007/35) to the annual session 2011.

In line with Executive Board decision 2008/13, the report also contains (a) a list of the key findings; (b) an overview of the audit ratings; (c) a table showing unresolved audit recommendations by year and category; (d) explanation of findings that have remained unresolved for 18 months or more; (e) the outcome of investigations on the misconduct of staff members; (f) an update on the progress made regarding audits rated 'unsatisfactory'; (g) the outcome of risk-based audit planning; and (h) the status of the staffing situation of the Office of Audit and Investigations. In line with decision 2006/13 and the approved oversight policy (DP/2008/16/Rev.1), the Executive Board will also have before it the UNDP management response and the annual report of the Audit Advisory Committee, presented separately.

This first report on the activities of the UNDP Ethics Office is submitted to the Administrator pursuant to the Secretary-General's Bulletin on the United Nations system-wide application of ethics: separately administered organs and programmes (ST/SGB/2007/11). The report conforms to the agreed framework adopted by the United Nations Ethics Committee during its session on 24 April 2008 for the annual reports of its members. The report was also reviewed by the Committee at its 10th session on 26 February 2009 and incorporates comments made. It is submitted to the Executive Board pursuant to its decision 2008/37.

Pursuant to Executive Board decisions 2008/37, 2008/13, 2007/29 and 2006/13, the UNFPA report presents a summary of the internal audit and oversight activities of UNFPA in 2008. The report provides an overview of the risk universe of UNFPA; reviews audit issues; and presents an analysis of emerging systemic issues that may

affect UNFPA in an environment marked by challenges. As requested by the Board in decision 2008/37, the annual report of the Audit Advisory Committee and the UNFPA management response thereto, are provided as annexes to the report on internal audit and oversight. In addition, UNFPA will present its comprehensive management response.

The Executive Board may wish to take note of the UNFPA internal audit and oversight report and provide guidance.

The Executive Board will also have before it an activity report on UNOPS internal audit and related services for the year ended 31 December 2008, presented by the Internal Audit Office. 2008 represented the first year of operations of the Office, established in June 2007. The Office was fully staffed during 2008 and recorded a significant increase in the internal audit coverage of UNOPS compared to previous years, thus continuing to enhance the overall internal control environment of UNOPS.

The Board may wish to adopt a decision on the internal audit and oversight reports of UNDP, UNFPA and UNOPS.

Evaluation

Under this item, pursuant to decision 2008/12, the Executive Director will present the UNFPA evaluation policy. The evaluation policy focuses on evaluation as a comprehensive function that reinforces accountability, oversight and learning in order to support management decisions and enhance programme effectiveness. The policy provides an overarching framework on the principles, roles and responsibilities for evaluation in UNFPA. Guided by General Assembly resolution 62/208, the evaluation policy aims at strengthening national evaluation capacity through the use of participatory and inclusive approaches, and by supporting country-led evaluations. UNFPA also seeks to align the policy with the evaluation efforts of United Nations partners through the use of common approaches and joint evaluations. The evaluation policy is consistent with and complements the UNFPA oversight policy (DP/FPA/2008/14) and the UNFPA accountability framework (DP/FPA/2007/20) and aims to further strengthen results-based management at UNFPA by building a robust evaluation function in the Fund.
